2 Scope of the License

Leica Geosystems AG, Heinrich-Wild-Strasse, 9435 Heerbrugg, Switzerland (alternatively, the "Licensor" or "Leica Geosystems") hereby grants to you (the "Licensee") subject to payment of the applicable license fee and to continuous compliance with all the provisions hereinafter, the **non-exclusive, non-transferable and non-assignable right, to use in the manner set forth herein** the Software on one (1) application, unless otherwise agreed upon in the Purchase Agreement. The use of the Software for a purpose other than as licensed herein shall not be permitted.

The foregoing **license is limited** as follows: (a) the Software will only be used on such permitted number of applications and in a mechanically readable form; (b) the Software will as a whole or in part be installed, saved and run only on the Specified Computer Facility in accordance with the installation instructions of Licensor; and (c) one (1) copy of the Software may be made exclusively for security and archiving purposes, provided that such copy carries a comprehensive copyright notice together with all additional references to the rights of Licensor to the Software and the designation of the original version. In the event that the Software is an update or an additional module for an already licensed system, instrument or facility, Licensee may make only as many copies as previously authorized by Licensor. Certain Software supplied by Licensor may contain a special program that regulates and monitors the number of simultaneous users of the Software in a network environment together with the number of the licensed copies of the Software, excluding back-up copies (the "Special Program"). Licensee hereby consents to the inclusion and operation of such Special Program and to the use of other security devices in connection with the Software and Licensee shall be prohibited from circumventing, reverse-engineering or copying such Special Program or any other security devices.

Licensee will **only use the Software in the manner permitted** under the foregoing license and will not (a) alter the Software or any part thereof in any manner (including, without limitation, through modifications, adaptations, translations, or second-hand versions.), (b) decompile the Software or any part thereof, (c) reverse-engineer or disassemble the Software or any part thereof or manipulate the Software in any other way into a form that persons can read, (d) transfer the Software or any part thereof to another operating system, (e) pass on the Software or any part thereof to a third party or make it available to a third party in any other manner (including, without limitation, for testing or by gift, lease, loan or sublicense, or via a service bureau) without the prior written consent of Licensor, or (f) use the Software or any part thereof on a computer facility other than the Specified Computer Facility, or on more than one work station, on networks, on a client server system or on

mobile additional instruments without the prior written consent of Licensor .

This Software license does **not** cover or include the use of **third party software**. Licensee's right to use any such software shall be governed by the provisions set forth by such third party.

3 Warranty

Express Warranty. Licensor warrants to the original Licensee that (a) the **data carrier medium** on which the Software is stored shall be free from defects in workmanship and material at the time of delivery to Licensee, and (b) for a warranty period of one (1) year from the purchase date of the **Product**, the Software (but not Updates) shall function in material accordance with the Specifications, provided the Software is used in the manner permitted in the foregoing license, on the Specified Computer Facility and in accordance with the conditions of installation, use and operation set forth in the Product description. **Licensor does not warrant** that the Software will be free of defects, run without interruption, meet the expectations of Licensee, or function in combination with the hardware or software products of third parties, or that all program errors will be corrected. In addition to the foregoing, in order for a defect in the Software to be sufficiently material so as to violate the warranty set forth in letter (b) above of this paragraph, the defect must cause the Software - while being used in the manner permitted in the foregoing license - to function in a way so divergent from the Specifications that it is unsuitable for the purpose described in the Product description. Furthermore, if the required functionality can be achieved by the Licensee indirectly (through a so called "work-around"), then the applicable impairment shall not constitute a defect giving rise to duties under the foregoing warranty. **Licensor's sole obligation** under the foregoing warranty shall be, at Licensor's sole option and expense, to either (a) **replace** the data carrier and/or the Software, so as to materially conform with the Specifications (including, without limitation, replacement with a more recent version or equivalent software); or (b) **repair** the Software by providing, correction codes, work-around solutions and/or Updates, including updated documentation and other documents; or (c) **terminate** this License Agreement and refund all license fees received following the return of the Software in accordance with Section 7 below. The foregoing warranty will apply to any replaced data carriers and Software until expiry of the original warranty period. The costs and risk of any delivery of Software to the service point nominated by Licensor shall be borne by Licensee.

Obtaining warranty service. If Licensee detects a defect in the Software that may give rise to a duty under the foregoing warranty, it will cease using the Software immediately and notify Licensor or its local sales partner in writing of the defect and provide sufficient supporting documentation within the period for notifying defects. Such period for notifying defects is ninety (90) days from the date of delivery of the data carrier medium (for a defect in the data carrier medium) and one (1) year from the date of delivery of the Software (for a defect in the Software). The written supporting documentation relating to the defect will be sufficient if it permits the defect detected by Licensee to be capable of reproduction by Licensor. Licensee will annex the relevant purchase receipt so that Licensor can determine compliance with the periods for notifying defects. Licensee will not carry out modifications or repairs itself or permit such modifications or repairs to be carried out by unauthorized third parties. If requested by Licensor, Licensee will support Licensor in the analysis of the causes and conditions giving rise to the defect, as well as in the development and testing of correction codes or a work-around solution.

Warranty exclusive. Licensee's sole remedy for Software defects is set forth in the foregoing express warranty. The Software is licensed with its current features "as is" and with no warranty or guarantee of whatever nature, other than the foregoing express warranty. Such express warranty is in lieu of all other warranties, express or implied, either in fact or by operation of law, statutory or otherwise, including warranties, terms or conditions of merchantability, fitness for a particular purpose, satisfactory quality and non-infringement, all of which are expressly disclaimed. Licensee acknowledges that Licensor's sales partner or dealers are not allowed to provide any warranty, guarantee or assurance with regard to the use, suitability, or results of use of the Software, or with regard to the precision, accuracy or reliability thereof, and any such warranty, guarantee or assurance is of no effect. It shall be the responsibility of Licensee to select the Software that fulfils its requirements. Licensee shall bear the full risk for the performance of and results achieved by the Software and for its suitability for the use that Licensee has planned for it, even when Licensor has been informed of the planned use of the Software.

Licensor shall be relieved of its obligations under the foregoing express warranty to the extent that any defect is caused by circumstances for which it is not responsible, including, without limitation, (a) non-compliance with the conditions of use and operation contained in the Product description or the documentation; (b) non-compliance with the provisions of this License Agreement; (c) unauthorized modifications to or interference with the Software by Licensee or third parties; (d) errors in the operation of the Software by Licensee or by third party staff; (e) influences from systems or programs that have not been supplied by Licensor; or (f) use on a computer facility other than the Specified Computer Facility.

In the event that Licensor is not responsible for a defect pursuant to these warranty provisions or that Licensor incurs additional expenditure as a result of the failure of Licensee to comply fully with its obligations under this Section 3 (including, without limitation, its obligation to support and provide documentation to Licensor), Licensor shall have the right to charge Licensee for the costs that it incurs for the analysis and rectification of the defect according to the time and materials required and in accordance with the applicable rates charged by Licensor at the time.

4 Intellectual Property Rights

Licensee shall only hold those rights to the Software that are expressly described in Section 2 of this License Agreement. Any other rights with regard to the Software, including without limitation, **ownership rights and patent, copyright, trademark, trade secret and other intellectual property rights**, shall remain the sole **property of Licensor**. Licensee will not remove from the Software any references to copyrights, trademarks or other ownership rights, or cover up or alter any such references. Licensee will take all reasonable steps to prevent any unauthorized use, reproduction, sale, or publication of the Software or the unauthorized provision of access thereto. Licensee will indemnify and hold harmless Licensor from any losses, damages, claims and expenses (including, without limitation, reasonable legal expenses) relating to any infringement of the rights of Licensor caused by Licensee, Licensee's breach of this License Agreement or Licensee's use of the Software in a manner not authorized under this license agreement.

In the event that Licensee faces legal proceedings based on the allegation that Licensee's use of a valid, unmodified version of the Software in accordance with the terms and conditions of this License Agreement infringes an existing intellectual property right in Switzerland, the European Union, Japan, the USA or in any other countries where Licensor sells the Software, or that such use constitutes unfair competition, Licensor shall defend any such proceedings at its own expense, provided that Licensee has informed Licensor immediately in writing of the proceedings raised, has granted Licensor a Power of Attorney authorizing it to conduct and settle the legal proceedings, and, if requested by

Licensors, has provided Licensors with reasonable support in the defense of such proceedings.

In the event that, in the sole opinion of Licensors, the **valid, unmodified version of the Software could infringe the intellectual property rights of third parties**, it shall at its own exclusive discretion (a) either obtain authorization from such third party for the continued use of the Software by Licensee, (b) replace the Software, (c) modify it in such a manner that there is no longer any infringement of intellectual property rights, or (d) if the foregoing measures are not within the bounds of what is reasonably possible, terminate this Agreement effective immediately and refund to Licensee a portion of the license fees paid (after deduction of an appropriate payment for the use already made of the Software by Licensee).

Notwithstanding the foregoing, Licensors shall be relieved of its obligations under the prior two paragraphs of this Section 4 if the infringement claim is based on the allegation or fact that the Software (a) has been modified by Licensee, or (b) is being used with other programs or data and such combination has led to an infringement of a third party right, (c) has been used on a computer facility other than the Specified Computer Facility, or (d) has been used and operated under conditions other than those specified in the Product description.

5 Limitation of Liability

To the extent permitted under applicable law, Licensors shall not be liable for any direct, indirect or consequential loss or damage, including, without limitation, loss of income, unrealized cost reductions, loss of data, or increased costs on the part of Licensee or any other financial losses, that result from or in connection with the purchase, license, use, breakdown or interruption of operation of the Software. The foregoing limitation of liability shall also apply in the event that Licensors has been notified of the possibility of such losses being incurred. Licensors shall only be liable for loss or damage caused by Licensors's gross negligence or willful misconduct. This limitation of liability shall apply to all claims for loss and damage irrespective of their legal grounds, including, without limitation, claims based on tort, contract, pre- contract or quasi-contract. This limitation of liability shall also apply to any officers, directors or employees of Licensors, or any representatives or agents of Licensors that are involved in the development, marketing or supply of the Software.

It shall be the exclusive duty of Licensee to ensure that it and its staff possesses the required knowledge to properly install and use the Software. Licensors shall not be liable for problems and defects that arise from insufficient knowledge on the part of the users of the Software.

6 Exclusion of other Assurances

Licensee hereby agrees that no verbal or written assurances, declarations, statements, recommendations or advertising messages have been made by Licensors, its employees, sales partners, agents, dealers or downstream distributors that could give rise to an amendment or extension of the foregoing warranties and limitation of liability. Licensee is hereby given notice that none of the forenamed persons is authorized by Licensors to make any such amendments or to provide any such assurances.

7 Duration and Termination

This License Agreement shall come into force on the agreement of Licensee to the provisions hereof.

In addition to any other right of termination provided in this License Agreement, each party shall be entitled to terminate this License Agreement at any time with immediate effect in the event of a material violation of a contractual duty by the other party, including, without limitation, default in payment of the license fee, if the party in breach does not remedy such violation within forty-five (45) days after being served with a notice in writing.

On any termination of this License Agreement, all rights of use of the Software held by Licensee shall expire. Within thirty (30) days from the date of termination of the License Agreement Licensee will return to Licensors or destroy (and confirm such destruction in writing to Licensors) the Software and all copies or partial copies thereof that have been made, as well as all modified parts of the Software or interfacing parts linking to other programs or data systems, and to the extent available, all security devices.

8 Import, Export and Use of the Software

Licensee shall be exclusively responsible for ensuring compliance with the relevant legislation relating to its rights to import, export or use the Software.

9 Governing Law and Place of Jurisdiction

This Agreement shall be governed by the laws of Switzerland, excluding all conflicts of laws principles and excluding the United Nations Convention on Contracts for the International Sale of Goods. The ordinary courts at the headquarters of Leica Geosystems AG in Balgach, Switzerland shall have jurisdiction. Licensors shall, in its sole discretion, also have the right to invoke the courts of law having jurisdiction at the domicile or place of business of Licensee.
